# The Perfect Blend.

est. 1996

## Ride Height & Comfort

Sprint Performance Suspension Lowering Springs are the Perfect Blend of Performance Handling, Quality, Ride Height and Comfort!

There is no need to compromise when it comes to lowering your vehicle with Sprint Suspension. We offer the Perfect ride height and handling that enthusiasts want without sacrificing any of the comfort!

All of our springs are designed, engineered and tested in-house. They are manufactured, shot-peened, heat treated, pre-set, inspected and performance powder coated in the USA to insure a lifetime of durability. They are also ISO 9001 Certified and backed by a limited LIFETIME WARRANTY.
