

SPRINT Suspension right from the start

With its relentless drive to continually set new standards of excellence, **SPRINT Performance Suspension** has been a game-changing force in creating and developing aftermarket applications at groundbreaking & unprecedented pace.

Many have had the opportunity to experience selling and or installing **SPRINT Suspension Products** over the past 10 Years. During the 1990s **SPRINT Suspension** charged with bold pacesetting extreme drop applications for the Sport Compact Market. Those who have been selling or installing our Extreme Drop Kits from the early years have seen **SPRINT** evolve into much more than a Sport Compact Suspension Company.

SPRINT Suspension currently offers over **200 domestic and import car applications** with a constant update to new product/consumer demands. Our fill rate is one of the industries best, providing you and your customer a genuine Suspension program to support and count on. Your business is important and the market is ever-changing and we are moving to expand our **SPRINT** program once more.

- **SPRINT Suspension** has an excellent reputation among the Sport Compact enthusiasts.
- **SPRINT** offers product applications with drop height requirements generated by the consumer meeting market demands not provided by others in the market.
- **SPRINT** one of the industries most complete Suspension lowering programs available with a better than 90% + fill rate.
- **SPRINT** has the creativity, technology and desire to expand to new projects first. i.e. **NEW 2006 Honda civic #1024 2dr, 1027 4dr and 1028 Si available**
- **New for 2006 Ford Fusion, Lexus is 250/350 and Honda Ridgeline due this spring**
- **SPRINT Suspension** one of the industries best in the Sport Compact market right from the start
